

COMPUTER CLUB

Computer club is after school from 2:25 – 3:05 and run by Mrs. Griller. The Lower School Computer Club will either Monday or Tuesday according to their classroom teacher and the schedule below. Upper School Club meets on Thursdays. The club is open to all students all year long; they do not have to be in computer class at the time to attend. During this time, students will have the opportunity to further explore their computer interest.

They are welcome to work on their projects for computer class, research information for class projects or just have fun. They can use any of the software we have on our computers, play appropriate computer games or just look up their interests.

1st grade meets every other Tuesday (beginning September 17)

2nd grade meets every other Monday (beginning September 16)

3rd grade meets every Monday (beginning September 9)

4th grade meets every Tuesday (beginning September 10)

For Lower School, you must fill out the classroom teacher’s weekly club form in Google Classroom that your child will be attending computer club on the day for their grade/class. **(There will be no other permission slip required.)** If the weekly sheet does not state that your child will be attending computer club or if it was added in time, your child will not be on my attendance list for that day and they will **NOT** be able to attend club – NO EXCEPTIONS.

I will pick-up the students from their classrooms and walk them over to the computer room. **Parents must pick-up their child at the SAC between 3:05 & 3:10 PM.** At 3:10 the remaining students will be walked over to extended care.
